

Say hello
to the Aetna HealthSM app

The Aetna Health app makes it easier for your employees to manage their benefits

Our mission is to help your employees achieve their personal health goals on their terms — when, where and how they want. Making health care easy to understand and navigate is an important start.

Putting them in charge

This app gives your people access to the tools and information they need. And empowering your people to be healthy and productive improves the health of your organization, too.

View benefits and claims details for the whole family

Track spending and progress toward meeting deductibles

Get cost estimates before getting care

Access member ID cards anytime

Search for providers, procedures and medications

Visit aetna.com/aetnahealthapp to learn what the app can do for your employees.

Aetna is the brand name used for products and services provided by one or more of the Aetna group of subsidiary companies, including Aetna Life Insurance Company and its affiliates (Aetna).

Apple, the Apple logo and iPhone are trademarks of Apple Inc., registered in the U.S. and other countries.
