

Great choices, even greater savings

Aetna Funding AdvantageSM networks

- Aetna Choice[®] POS II and/or Open POSII
- ▲ Essentials Open Access Aetna SelectSM and/or Open EPO Plus
- Open Access Aetna SelectSM and/or Open EPO Plus

*Actual results may vary. Savings may be less when compared to other value-based or narrow network plans.

Aetna Funding Advantage offers a range of provider network options — so employers may balance costs and the quality care their employees deserve. Employers can offer up to four different benefits and network combinations — giving employees the powerful option of choice.

Broad national network plans

Our national Aetna Choice POS II network plans offer the widest network coverage available. Employees and dependents may go directly to health care professionals and facilities in or out of the network — without getting referrals.

Locally focused network plan options — quality care, lower-cost options

In addition to our broad national network plans, Aetna Funding Advantage offers these locally focused provider network plan options. **These plan options offer from 8% to 15% savings, compared to Aetna broad network plans.***

Our performance networks include doctors and hospitals that have met high quality and efficiency standards. And our value-based networks provide enhanced care management and coordination.

Easy-to-use online tools

Finding and choosing network doctors and hospitals are key. So is being able to compare costs. Our online tools make that possible. To find a doctor or check costs, employees just need to sign in to their member website.

These networks are effective as of September 1, 2021. Networks are subject to change.

Aetna is the brand name used for products and services provided by one or more of the Aetna group of companies, including Aetna Life Insurance Company and its affiliates (Aetna). Aetna Funding AdvantageSM plans are self-funded, meaning the benefits coverage is offered by the employer. Aetna Life Insurance Company only provides administrative services and offers stop-loss insurance coverage to the employer.
