Aetna Funding AdvantageSM Savings for small businesses

Knowing what matters to small businesses

We design our Aetna Funding AdvantageSM health plans with small businesses in mind. They offer the benefits of self-funding, like more cost control. And they provide the protection and simplicity a small business needs.

The best part? When your client's health care costs are lower than expected, they get back a percentage of their funds. That means more money for your client.

We think it pays to stay with Aetna Funding AdvantageSM. Our small business customers must think so too.
