Are there other deductibles for specific services?	No.	You don't have to meet deductibles for specific services.
What is the out-of-pocket limit for this plan?	Individual: Participating $1,500 Family: Participating $4,500	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan, the overall family out-of-pocket limit must be met.

Be aware your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do you need a referral to see a specialist?	Yes.	This plan will pay some or all of the costs to see a specialist for covered services but only if you have a referral before you see the specialist.

All **copayment** and **coinsurance** costs shown in this chart are after your **deductible** has been met, if a **deductible** applies.

The Summary of Benefits and Coverage (SBC) document will help you choose a health plan. The SBC shows you how you and the plan would share the cost for covered health care services. NOTE: Information about the cost of this plan (called the premium) will be provided separately. This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage, visit www.bcbsil.com/member/policy-forms/2023 or by calling 1-800-541-2768. For general definitions of common terms, such as allowed amount, balance billing, coinsurance, copayment, deductible, provider, or other underlined terms, see the Glossary. You can view the Glossary at www.healthcare.gov/sbc-glossary/ or call 1-855-756-4448 to request a copy.

Important Questions	Answers	Why This Matters:
What is the overall deductible?	Individual: Blue Choice $750; PPO $2,000; Out-of-Network $4,000 Family: Blue Choice $2,250; PPO $6,000; Out-of-Network $12,000	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan, each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible.
Are there services covered before you meet your deductible?	Yes. In-Network Preventive Health Care services, services with a copayment, and prescription drugs are covered before you meet your deductible.	This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost sharing and before you meet your deductible. See a list of covered preventive services at www.healthcare.gov/coverage/preventive-care-benefits/.
Are there other deductibles for specific services?	No.	You don't have to meet deductibles for specific services.
What is the out-of-pocket limit for this plan?	Individual: Blue Choice $6,750; PPO $8,500; Out-of-Network Unlimited Family: Blue Choice $17,300; PPO $18,200; Out-of-Network Unlimited	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan, they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit must be met.
What is not included in the out-of-pocket limit?	Premiums, balance billing charges, and health care this plan doesn't cover.	Even though you pay these expenses, they don't count toward the out-of-pocket limit.
Will you pay less if you use a network provider?	Yes. See www.bcbsil.com or call 1-800-541-2768 for a list of Participating Providers.	This plan uses a provider network. You will pay less if you use a provider in the plan's network. You will pay the most if you use an out-of-network provider, and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do you need a referral to see a specialist?	No.	You can see the specialist you choose without a referral.

All **copayment** and **coinsurance** costs shown in this chart are after your **deductible** has been met, if a **deductible** applies.

The Summary of Benefits and Coverage (SBC) document will help you choose a health plan. The SBC shows you how you and the plan would share the cost for covered health care services. NOTE: Information about the cost of this plan (called the premium) will be provided separately. This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage, visit www.bcbsil.com/member/policy-forms/2023 or by calling 1-800-541-2768. For general definitions of common terms, such as allowed amount, balance billing, coinsurance, copayment, deductible, provider, or other underlined terms, see the Glossary. You can view the Glossary at www.healthcare.gov/sbc-glossary/ or call 1-855-756-4448 to request a copy.

Important Questions	Answers	Why This Matters:
What is the overall deductible?	Individual: Participating $250; Non-Participating $500 Family: Participating $750; Non-Participating $1,500	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan, each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible.
Are there services covered before you meet your deductible?	Yes. In-Network Preventive Health Care services, services with a copayment, and prescription drugs are covered before you meet your deductible.	This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost sharing and before you meet your deductible. See a list of covered preventive services at www.healthcare.gov/coverage/preventive-care-benefits/.
Are there other deductibles for specific services?	No.	You don't have to meet deductibles for specific services.
What is the out-of-pocket limit for this plan?	Individual: Participating $1,500; Non-Participating Unlimited Family: Participating $4,500; Non-Participating Unlimited	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan, they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit must be met.
What is not included in the out-of-pocket limit?	Premiums, balance billing charges, and health care this plan doesn't cover.	Even though you pay these expenses, they don't count toward the out-of-pocket limit.
Will you pay less if you use a network provider?	Yes. See www.bcbsil.com or call 1-800-541-2768 for a list of Participating Providers.	This plan uses a provider network. You will pay less if you use a provider in the plan's network. You will pay the most if you use an out-of-network provider, and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do you need a referral to see a specialist?	No.	You can see the specialist you choose without a referral.

All **copayment** and **coinsurance** costs shown in this chart are after your **deductible** has been met, if a **deductible** applies.

Important Questions	Answers	Why This Matters:
What is the overall deductible?	Individual: Participating $1,500; Non-Participating $3,000 Family: Participating $3,000; Non-Participating $6,000	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan, each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible.
Are there services covered before you meet your deductible?	Yes. In-Network Preventive Health Care services, services with a copayment, and prescription drugs are covered before you meet your deductible.	This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost sharing and before you meet your deductible. See a list of covered preventive services at www.healthcare.gov/coverage/preventive-care-benefits/.
Are there other deductibles for specific services?	No.	You don't have to meet deductibles for specific services.
What is the out-of-pocket limit for this plan?	Individual: Participating $6,250; Non-Participating Unlimited Family: Participating $12,500; Non-Participating Unlimited	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan, they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit must be met.
What is not included in the out-of-pocket limit?	Premiums, balance billing charges, and health care this plan doesn't cover.	Even though you pay these expenses, they don't count toward the out-of-pocket limit.
Will you pay less if you use a network provider?	Yes. See www.bcbsil.com or call 1-800-541-2768 for a list of Participating Providers.	This plan uses a provider network. You will pay less if you use a provider in the plan's network. You will pay the most if you use an out-of-network provider, and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do you need a referral to see a specialist?	No.	You can see the specialist you choose without a referral.

All **copayment** and **coinsurance** costs shown in this chart are after your **deductible** has been met, if a **deductible** applies.

The PPO Plan

With the PPO plan, you can choose any doctor whenever you need care

The PPO plan offers a wide range of benefits and the flexibility to choose any doctor or hospital when you need care. The plan includes an annual deductible that you must satisfy before your benefits begin. Qualified medical expenses are applied toward your deductible.

PPO Network

Access to the large network of contracting providers is one of the many reasons to select the PPO plan. The network includes hospitals, physicians, therapists, behavioral health professionals and alternative care practitioners.

You and your covered dependents can receive care from any licensed doctor, hospital or other provider. However, when you use a contracting network provider, you will pay less out of pocket, you won't have to file any claims and you will receive the highest level of benefits. If you use a doctor outside the network, you'll still be covered, but your out-of-pocket costs may be significantly higher.

Medical Care

Your benefits may include coverage for*:

- physician office visits
- breast cancer screenings
- cervical cancer screenings
- inpatient hospital services
- muscle manipulation services
- outpatient hospital services
- physical, speech and occupational therapies
- outpatient surgery and diagnostic tests
- infertility treatment
- maternity care
- behavioral health and substance abuse
- hospital emergency medical and accident treatment

To find a contracting doctor or hospital, just go to **bcbsil.com** and click on the Find a Doctor or Hospital tab to use the Provider Finder® tool, or call BlueCard® Access at **800-810-BLUE** (**800-810-2583**) for help. Once you become a member, you can also call the toll-free Customer Service number on the back of your member ID card.

*Coverage levels vary by health plan, so refer to your plan documents for details.

Confused About Where to Go for Care?

SmartER Care℠ options may save you money.

If you aren't having an emergency, deciding where to go for medical care may save you time and money.

You have choices for where you get non-emergency care — what we call SmartER Care. Use this chart to help you figure out when to use each type of care.

When you use in-network providers for your family's health care, you usually pay less for care. Search for in-network providers in your area at **bcbsil.com** or by calling the Customer Service number on your member ID card.

Doctor's Office

- Office hours vary
- Generally the best place to go for non-emergency care
- Doctor-to-patient relationship established and therefore able to treat, based on knowledge of medical history
- Average wait time is 18 minutes[1]

$

Retail Health Clinic

- Based on retail store hours
- Usually lower out-of-pocket cost to you than urgent care
- Often located in stores and pharmacies to provide convenient, low-cost treatment for minor medical problems

$

Urgent Care Center

- Generally includes evenings, weekends and holidays
- Often used when your doctor's office is closed, and you don't consider it an emergency
- Average wait time is 16-24 minutes[2]
- Many have online and/or telephone check-in

$$

Hospital ER

- Open 24 hours, seven days a week
- Average wait time is 35-49 minutes (variable)[3]
- If you receive emergency room (ER) care from an out-of-network provider, you may have to pay more. Providers outside the network may "balance bill" you, which means they may charge you more than your health plan's fee schedule.
- Multiple bills for services such as doctors and facility

$$$

Freestanding ER

- Open 24 hours, seven days a week
- Could be transferred to a hospital-based ER depending on medical situation
- Services do not include trauma care
- Often freestanding ERs are out-of-network. If you receive care from an out-of-network provider, you may have to pay more. Providers outside the network may "balance bill" you, which means they may charge you more than your health plan's fee schedule.
- All freestanding ERs charge a facility fee that urgent care centers do not. You may receive other bills for each doctor you see.[4]

$$$$

If you need emergency care, call **911** or seek help from any doctor or hospital immediately.

Urgent Care Center or Freestanding ER – Knowing the Difference Can Save You Money

Urgent care centers and freestanding ERs can be hard to tell apart. Freestanding ERs often look a lot like urgent care centers, but costs may be higher. A visit to a freestanding ER often results in significantly higher medical bills than the rate charged by urgent care centers for the same services.

Here are some ways to know if you are at a freestanding ER:

- Looks like urgent care centers, but have the word "Emergency" in their name or on the building.
- Is open 24 hours a day, seven days a week.
- Is not attached to and may not be affiliated with a hospital.
- Is subject to the same ER member share which may include a copay, coinsurance and applicable deductible.

Blue Precision HMO℠ Plan

HMOs offer valuable benefits with the security of predictable copayments.

The Blue Precision HMO plan from Blue Cross and Blue Shield of Illinois (BCBSIL) provides valuable benefits, member services and flexibility, along with the security of predictable copayments so there are no financial surprises.

When you join Blue Precision HMO, you choose a contracting medical group within your network and then a family practitioner, internist or pediatrician from your chosen medical group to serve as your primary care physician (PCP). Your PCP provides or coordinates your health care, helps you make informed decisions and, when necessary, makes referrals to specialists who are usually within your medical group network. Each specialist referral is authorized for a specific number of visits or timeframe (up to one year).

In addition to their PCP, female members also have the option of choosing a woman's principal health care provider (WPHCP) to provide or coordinate their health care services. The WPHCP and PCP must be affiliated with, or employed by, your participating medical group. Physicians in the same medical group do have a referral arrangement. You do not need a PCP referral to see your WPHCP.

The Blue Precision HMO℠ Network

Blue Precision HMO offers access to a broad network of contracting health care providers in Illinois. In fact, your regular doctor may already be part of the network. If your doctor is not in the network and you are undergoing a course of evaluation or medical treatment or are in the second or third trimester of pregnancy when you join the plan, you may request transition of care benefits. Benefits for transitional services may be authorized for up to 90 days. After this period, all care must be transferred to a new PCP or medical group in the HMO network. Contact Customer Service at the number on the back of your ID card for more information.

If you have a question, visit **bcbsil.com** or call Customer Service at **800-892-2803**.

Medical Care

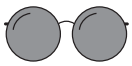
The range of benefits includes coverage for:

- Physician office visits
- Outpatient surgery and diagnostic tests
- Breast cancer screening
- Cervical cancer screening
- Prostate cancer screening
- Colon cancer screening
- Inpatient hospital services
- Maternity care
- Outpatient hospital services
- Mental health and substance abuse – inpatient and outpatient treatment
- Rehabilitative therapy (such as physical, speech and occupational therapy)
- Inpatient and outpatient treatments

To find a medical group and PCP in the network, go to **bcbsil.com** and click on **Find Care**. You also can refer to a printed directory. You can request a directory by calling Customer Service at the number on the back of your BCBSIL ID card. Each covered family member can choose a different medical group or PCP from the network. It's also easy to change your PCP or medical group for any reason. To select a different PCP within your existing medical group, just call the medical group. To change your medical group, call Customer Service or use the Blue Access for Members℠ online service at **bcbsil.com**. See Your Health Care Benefit Program booklet or call Customer Service for more information.

Preventive Care

Another HMO benefit is coverage for preventive care and wellness services for children and adults, such as routine physicals, screenings, tests and immunizations, including childhood immunizations. Also, BCBSIL sends reminders to members to schedule flu shots, mammograms and Pap tests, and to have early childhood immunizations completed.



Vision Care

Your vision care benefits are available through EyeMed Vision Care, a leading national provider of vision care programs. You have access to one of the nation's largest networks of independent eye doctors and well-known retail providers – with many in-network providers offering extended weeknight and weekend hours. Call Customer Service at the number on the back of your ID card or visit **eyemed.com** for more information.

Emergency Care

If you, as a prudent layperson with an average knowledge of health and medicine, need to go to the emergency room of any hospital, your care will be covered. When a medical emergency occurs, we recommend you first try to call your PCP. Someone from your medical group is available 24 hours a day, seven days a week. Your PCP or another doctor in your medical group may be able to treat you in the office. If you are unable to call your PCP, go directly to the nearest hospital emergency room and notify your PCP as soon as possible.

If you are admitted, someone must contact your PCP immediately upon admission. Your emergency room copayment will be waived, but you will have to pay your inpatient hospital copayment, if applicable. Emergency care benefits are limited to the initial emergency treatment. To receive additional benefits, your PCP must provide or coordinate follow-up care.

If you have a question, visit **bcbsil.com** or call Customer Service at **800-892-2803**.

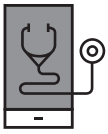
Reconstructive Surgery

Federal and State of Illinois legislation require that group health plans and health insurers provide coverage for reconstructive surgery following a mastectomy. These laws state that health plans that cover mastectomies must also provide coverage in a manner determined in consultation with the attending physician and patient for reconstruction of the breast on which the mastectomy has been performed, surgery and reconstruction of the other breast to produce a symmetrical appearance, and prostheses and treatment for physical complications for all stages of mastectomy care, including lymphedemas.

Blue Precision HMO covers these procedures and annual mammograms when ordered by a member's primary care physician or WPHCP, subject to the terms of the member's applicable health care benefit coverage. Visit **bcbsil.com** or call Customer Service for more information.

Utilization Management

Blue Precision HMO supports the belief that the best people to determine what medical care you need are you and your doctor. BCBSIL does not get involved in deciding your course of treatment. This sets it apart from most other HMOs. Your doctor is encouraged to listen to your concerns and discuss all treatment options with you to help you make informed decisions. Your network medical group may review certain referrals or procedures for appropriateness of care. Your HMO doesn't get involved unless you request an appeal from BCBSIL because you disagree with decisions made by your PCP or medical group.



Substance Use Disorder Treatment

Treatment for substance use disorder (also known as substance abuse) is covered in your benefit plan. Please contact your PCP for a referral to a specialist.

If you have a question, visit **bcbsil.com** or call Customer Service at **800-892-2803**.

Blue Choice Options℠

A Common-sense Health Care Solution

Are you looking for a health plan that is sensible and easy to use? Are you looking for an affordable PPO health plan for your family? Choosing Blue Choice Options may be the best choice for you.

Practical and Smart

Blue Choice Options from Blue Cross and Blue Shield of Illinois (BCBSIL) is designed for members who want all the benefits of a PPO and the flexibility to use a large network when the need arises — all at a price lower than our traditional PPO plan. Blue Choice Options offers the same range of health care benefits and member services as the larger PPO network, but may save you money over other PPO health plans.

How Blue Choice Options Works

To receive the highest level of benefits, you and your covered dependents should use the independently-contracted doctors and hospitals within the Blue Choice OPT PPO℠ network. You can receive care from a provider within the larger PPO network, but will pay higher out-of-pocket costs. You will pay the highest out-of-pocket cost by choosing an out-of-network provider and may have to pay those fees up front.

How Blue Choice Options Can Save You Money:

- **Tier 1** — pay the least out-of-pocket expenses by using a participating provider in the Blue Choice OPT PPO network.
- **Tier 2** — pay additional out-of-pocket costs by choosing a participating provider in the larger network of providers.
- **Tier 3** — pay the highest out-of-pocket cost by selecting an out-of-network provider.

Other Benefits for Non-HMO Plans

Your health care benefit plan travels with you wherever you go – across the country or around the world.

Preventive Care

Your coverage may include preventive care benefits for children and adults, including physical exams, diagnostic tests and immunizations. Check your group plan for specific coverage.

Emergency Care

If you, as a prudent layperson (with an average knowledge of health and medicine) need to go to the emergency room of any hospital, your care will be covered subject to your plan's deductible and any applicable copayments or coinsurance. In an emergency, you should seek care from an emergency room or other similar facility. Call 911 or other community emergency resources to obtain assistance in life-threatening situations. Your group plan may require that you, a family member or friend contact Blue Cross and Blue Shield of Illinois (BCBSIL) if you are admitted to the hospital.

National Coverage

You have nationwide access to contracting providers in networks linked through the BlueCard® program when you or your covered dependents live, work or travel anywhere in the country. The national network includes most physicians and hospitals in the country. Be sure to use a BlueCard network provider to receive the highest level of benefits.

With the BlueCard program, there are two ways to locate contracting doctors and hospitals:

- Visit the website at **bcbsil.com** and click on the Find a Doctor or Hospital tab to use the Provider Finder® tool or call BlueCard® Access at **800-810- BLUE (800-810-2583**) for help. Maps and driving directions are also available.
- Call Customer Service at the toll-free number on the back of your member ID card.

*The Blue Cross Blue Shield Global Core program was formerly known as BlueCard WorldWide®.

Reconstructive Surgery Following a Mastectomy

Federal and State of Illinois legislation require group health plans and health insurers to provide coverage for reconstructive surgery following a mastectomy. Specifically, these laws state that health plans that cover mastectomies must also provide coverage in a manner determined in consultation with the attending physician and patient for reconstruction of the breast on which the mastectomy has been performed, surgery and reconstruction of the other breast to produce a symmetrical appearance, and prostheses and treatment of physical complications for all stages of mastectomy, including lymphedemas.

Your coverage may also include benefits for baseline and annual mammograms. Check your group plan documents for details.

Illinois Dependent Eligibility Mandate

Under Federal law, your dependents are eligible for health and dental coverage up to the dependent limiting age and may not be denied coverage due to marital, student or employment status before age 26. Check with your employer for additional details regarding eligibility requirements. In addition, eligible military personnel may not be denied coverage before age 30 under Illinois law. If you elect Blue Choice Select℠ coverage, your dependents must live within the defined service area.

This Illinois law applies to all individual plans and insured group medical and dental plans, as well as self-insured municipalities, counties and schools. The law does not apply to self-funded national account groups or local non-municipal self-funded groups. If you have questions about this law, contact your benefits administrator.

International Coverage

When you travel outside the United States and need medical assistance services, call **800-810-BLUE** (**800-810-2583**) or call collect to **804-673-1177** for information. Blue Cross and Blue Shield has contracts with doctors and hospitals in more than 190 countries. An assistance coordinator, in conjunction with a medical professional, can arrange your doctor's appointment or hospitalization, if necessary.

Providers that participate in the Blue Cross Blue Shield Global® Core* program, in most cases, will not require you to pay up front for inpatient care. You are responsible for the out-of-pocket expenses such as a deductible, copayment, coinsurance and non-covered services. The doctor or hospital should submit your claim.

You also have coverage at non-contracting hospitals, but you will have to pay the doctor or hospital for care at the time of service, then submit an international claim form with original bills. Call Customer Service at the toll-free customer service number on your member ID card for the address to send the claim. You can get a claim form from your employer, Customer Service or online at **bcbsil.com.**

Medical Plan Frequently Asked Questions

Q. Are my medical records kept confidential?

A. Yes. Blue Cross and Blue Shield of Illinois (BCBSIL) is committed to keeping all specific member information confidential. Anyone who may have to review your records is required to keep your information confidential. Your medical records or claims data may have to be reviewed (for example, as part of an appeal that you request). If so, precautions are taken to keep your information confidential. In many cases, your identity will not be associated with this information.

Q. Who do I call with questions about my benefits?

A. Call the toll-free Customer Service number on the back of your member ID card.

Q. How do I find a contracting network doctor or hospital?

A. Go to **bcbsil.com** and use Provider Finder®, or call Customer Service at the toll-free number on the back of your member ID card.

Q. What do I do when I need emergency care?

A. Call 911 or seek help from any doctor or hospital. BCBSIL will coordinate your care with the emergency provider.

Some options for non-emergency care include:

- **Your doctor's office** for health exams, routine shots, colds, flu and other minor illnesses or injuries.
- **Walk-in retail health clinics** available in retail stores. Many have a physician assistant or nurse practitioner who can help treat ear infections, rashes, minor cuts and scrapes, allergies, colds and other minor health problems.
- **Urgent or immediate care clinics** for more serious health issues, such as when you need an X-ray or stitches.

Urgent Care or Freestanding Emergency Room?
Urgent care centers and freestanding ERs can be hard to tell apart. Freestanding ERs often look a lot like urgent care centers, but costs are higher, just as if you went to the ER at a hospital. Here are some ways to know if you are at a freestanding ER.

Freestanding ERs:

- Look like urgent care centers, but have EMERGENCY in the facility name.
- Are separate from a hospital but are equipped and work the same as an ER.
- Are staffed by board-certified ER physicians and are subject to the same ER copay.
- Find urgent care centers[1] near you by texting[2] **URGENTIL** to **33633** and then type in your ZIP code.

Q. What should I bring to my first appointment with a new doctor?

A. Your first appointment is an opportunity to share information about your health with your new doctor. Bring as much medical information as possible, including:

- **Medical records and insurance card** — If you are undergoing treatment at the time you change doctors, your medical records are important to your new doctor. Your insurance card provides information about copayments, billing and Customer Service phone numbers.
- **Medications** — Give your new doctor information about prescription and over-the-counter medications, including any herbal medications you take. Be sure to include the name of the medication, the dosage, how often you take it and why you take it.
- **Special needs** — Make a list of any equipment or devices you use including wheelchairs, oxygen, glucose monitors and the glucose strips. Be prepared to explain how you use them, not only to make sure you have the equipment you need, but also to make sure that there is no disruption in your care.

Q. What questions should I ask if I am selecting a new doctor?

A. In addition to preliminary questions you might ask a new doctor — such as "Are you accepting new patients?" — here are some questions to help you evaluate whether a doctor is right for you.

- What is the doctor's experience in treating patients with the same health problems that I have?
- Where is the doctor's office? Is there convenient and ample parking, or is it close to public transportation?
- What are the regular office hours? Does the office have drop-in hours if I have an urgent problem?
- How long should I expect to wait to see the doctor when I'm in the waiting room?
- Are routine lab tests and X-rays performed in the office, or will I have to go elsewhere?
- Which hospitals does the doctor use?
- If this is a group practice, will I always see my chosen doctor?
- How long does it usually take to get an appointment?
- How do I get in touch with the doctor after office hours?
- Can I get advice about routine medical problems over the phone or by email?
- Does the office send reminders for routine preventive tests like cholesterol checks?

Q. What if I'm already in treatment when I enroll and my provider isn't in the network?

A. We'll work with you to provide the most appropriate care for your medical situation, especially if you are pregnant or receiving treatment for a serious illness. You may still be able to see your out-of-network provider for a period of time. Call the toll-free Customer Service number on the back of your member ID card for more information.

[1] The closest urgent care center may not be in your network. Be sure to check Provider Finder to make sure the center you go to is in-network.

GLOSSARY OF TERMS - We have described some of the terms used here to help you understand them, but you should make sure to read your benefit plan materials if you have questions.

Amount Billed: The amount your provider billed for the service(s) rendered.

Amount Covered (Allowed): Discounts, reductions, and amount covered (allowed) reflect the terms of your plan, and in the case of an in-network provider, the savings we have negotiated with your provider. Your deductible, coinsurance and copay are based on the allowed amount and the terms of your plan. Your share of coinsurance is a percentage of the allowed amount after the deductible is met.

Coinsurance: The percentage of the allowed amount you pay as your share of the bill. For example, if your plan pays 80% of the allowed amount, 20% would be your coinsurance.

Copay Amount (Also known as Copayment): The set fee you pay each time you receive a certain service. Some plans do not have copayments.

Deductible: The amount, if any, you must pay before we start paying contract benefits. You do not send this amount to us. We subtract this amount from covered expenses on claims you and health care professionals send us. Some services can be covered before the deductible is met.

Non-Participating Provider: An out-of-network provider who does not accept rates for services we set to keep your costs down.

Out-of-Pocket Limit (Maximum): Once you pay this amount in deductibles, copayments and coinsurance for covered services, we pay 100% of the allowed amount for covered services for the rest of the benefit period.

Participating Provider: An in-network or out-of-network provider who accepts agreed-upon rates for services.

Your Total Costs: This is the sum of your copay, deductible and coinsurance. It also includes any amounts not covered by your health plan. Amounts that a non-participating provider may bill you are not part of this.

Q&A: Prescription Drug List

What is a prescription drug list?

Your prescription drug benefit plan is based on the Blue Cross and Blue Shield of Illinois (BCBSIL) drug list. It is a list of drugs routinely reviewed and chosen based on the recommendations of a group of people from throughout the country who hold a medical or pharmacy degree. U.S. Food and Drug Administration (FDA)-approved drugs are chosen based on their safety, cost and how well they work.

The Enhanced Drug List is a smaller version of the Basic Drug List. It has mostly generic and select preferred brand drugs.

The Balanced Drug List, Performance Drug List, Performance Select Drug List and 2023 Drug List (for Metallic plans) show all covered drugs.

Major drug classes are covered on all drug lists. To learn more about your drug list, please call the number on your ID card.

Why should I use the drug list?

Your prescription drug list has many levels of coverage, called tiers. Each tier has its own cost. As a rule, your copay/coinsurance amount will be less for covered drugs in the lower tier. For example, the cost for preferred brand drugs is often lower than for non-preferred brand drugs.

If your benefits are based on the Basic or Enhanced Drug List, most medicines may be covered that are not on the drug list, but you may pay more out of pocket. If your benefits are based on the Balanced Drug List, Performance Drug List, Performance Select Drug List or 2023 Drug List (for Metallic plans), medicines that are not shown on these drug lists are not covered. You will need to pay for the full cost of the medicine.

The drug list is a source for your doctor when prescribing medicines. But it is up to you and your doctor to decide the medicine that is best for you.

Why use generic drugs?

Generics are medicines that are safe and work just as well as a brand drug. Generics often cost less than a brand drug. A generic can usually be substituted for a brand drug if it has the same active ingredients, the same strength and dosage and gives the same results. Talk to your doctor or pharmacist to find out if a generic drug is right for you.

How do I know if a drug is on the drug list and what my cost will be?

The other side of this flier lists some commonly prescribed generic and preferred brand drugs. If a drug you are looking for is not on this flier, search the full drug list at **bcbsil.com/rx-drugs/drug-lists/drug-lists** or call customer service at the number on your BCBSIL member ID card.

How much you may pay out of pocket will be based on your plan benefits and what tier the drug is on your drug list. To find out what you will pay, log in to your Blue Access for Members℠ (BAM℠) account at **bcbsil.com** or call customer service at the number on your BCBSIL member ID card.

Please note: Drugs that call for a health care provider to give them to you (often in a hospital, doctor's office or other health care setting) may be covered under your health plan's medical benefit instead of your pharmacy benefits. These drugs are not on the drug list. If you have questions about these drugs, please call customer service at the number on your BCBSIL member ID card.

What are dispensing limits?

Some drugs listed on the drug list may have additional requirements, or extra steps to take before getting your prescription filled. One of those requirements is dispensing limits. This means you may only be able to get a certain amount of your drug at one time. For example, the osteoporosis drug Actonel® (risedronate) can only be filled as 30 tablets per 30 days because the FDA-approved labeling recommends the dose of one 5 mg tablet taken daily by mouth.

What if I have questions?

Call customer service at the number on your ID card, 24 hours a day, 7 days a week, or visit **bcbsil.com**.

July 2023 Commonly Prescribed Drugs

This list is a sample of commonly prescribed generic and preferred brand drugs. See the full and up-to-date BCBSIL prescription drug lists at **bcbsil.com/rx-drugs/drug-lists/drug-lists**. The online drug list (Balanced Drug List, Basic Drug List, Enhanced Drug List, Performance Drug List, Performance Select Drug List and 2023 Drug List for Metallic plans) may be changed as often as four times a year, based on your prescription drug benefit plan. Some online drug lists (Annual versions) may only be changed once a year, based on your plan benefits. The drug list may show medicines not covered under your prescription drug benefit plan. Also, prescription versions of over-the-counter (OTC) medicines may not be covered based on your plan. If you have questions about your benefits, call the number on your ID card.

Generic Drugs May Save You Money

They are safe, effective and approved by the FDA. Talk to your doctor to see if using generic drugs is an option for you.

What is a generic drug?

A generic drug is a version of a brand-name drug and is also approved by the FDA. When compared to the brand-name drug a generic drug is safe and works just as well in the body for most people. But the generic drug often costs less.

There are two types of generics:

- A **generic equivalent** is made with the same active ingredient(s) at the same dose as the brand-name drug.
- A **generic alternative** is often used to treat the same condition, but the active ingredient(s) differ from the brand-name drug.

Your pharmacist can often fill a prescription with a generic equivalent without a new prescription from your doctor. But only you and your doctor can decide if a generic alternative is right for you. And if right for you, your doctor will need to write your prescription for that medicine.

You may pay less for generic drugs.

Some benefit plans offered by Blue Cross and Blue Shield of Illinois (BCBSIL) use a prescription drug list, which is a list of drugs covered by your plan. If your plan is based on a drug list, how much you pay out-of-pocket for prescription drugs depends on whether the drug is on the list. Your drug list may also have different levels of coverage, called "tiers." When you choose drugs in lower tiers, you may pay less. Generics are often in the lower tiers.

Members whose plan does not include a drug list often pay less out-of-pocket for generic drugs as well.

Be informed. Talk to your doctor. Start saving now.

Generics are available for many brand drugs.

Generic alternatives are available for many brand drugs which may not currently have a generic equivalent, including those listed in the chart to the right. If you are taking one of these brand drugs, ask your doctor if a generic is right for you. This may save you money as well.

Get the most from your pharmacy benefit.

Consider using generic drugs and follow these tips to help you get the most from your benefits:

- Ask your doctor to check the prescription drug list when recommending prescription drug options for you. Drugs on the list are chosen based on their safety, cost and how well they work.
- When you fill a prescription, use an in-network pharmacy and show your member ID card.
- Go to **bcbsil.com** and log into **Blue Access for Members℠ (BAM℠)** for online pharmacy resources. You can get an estimate of your out-of-pocket cost for a prescription, view your claims history and more.

What if I have questions?

Ask your doctor or pharmacist about the choices you have and which drug is right for you. As always, treatment decisions are between you and your doctor.

If you have questions about your prescription drug benefit, see your plan materials, visit BAM or call the number on your ID card.

It’s All About Diabetes

Living with diabetes can be a challenge. But maintaining close-to-normal levels of blood sugar has been shown to reduce the risk of diabetes-related problems. That’s why monitoring your blood sugar levels with a blood glucose meter is important for managing diabetes.

Choosing a Blood Glucose Meter

When choosing a meter, it often comes down to the features you’re looking for. Here are a few things to consider when making your choice:

- How does the meter score for accuracy? Does it come with a control solution or test strip to check for accuracy?
- Does the meter fit in your backpack, supplies kit or purse?
- How skillful are you at handling those test strips? You might want to try a meter that uses cartridges instead of individual strips.
- How much blood does the meter require? Less is better.
- Do you want to download results to a computer or email them to your doctor’s office?
- Interested in alternative site testing? There are meters that can test samples from various places on the body.

Checking Your Blood Glucose

Regular blood glucose checks and consistent record-keeping give you a good picture of where you are in your diabetes care.

Checks tell you how often your blood glucose levels are in your target range. Your target range is a personalized blood glucose range that you set with your doctor. Once you know how often and when to check, stick to the schedule and check at those times each day.

Keep a daily log recording your levels. Then take your log with you when you visit your doctor or other members of your diabetes care team. The information in your log will let them know how you are doing.

For more information about diabetes, go to **bcbsil.com**, log in to Blue Access for Members℠ (BAM℠) and click on ‘Wellness’, click on ‘Articles’ and then select ‘Diabetes’ from the options. Blue Cross and Blue Shield of Illinois (BCBSIL) offers certain blood glucose meters to members with diabetes at no additional charge.

ENROLLMENT APPLICATION/CHANGE FORM INSTRUCTIONS

PLEASE READ THOROUGHLY BEFORE COMPLETING ENROLLMENT APPLICATION/CHANGE FORM

Use a black or blue ballpoint pen only. Print neatly. Do not abbreviate.

SECTION 1 **ENROLLMENT EVENTS**	Check all the boxes that apply to indicate if you are a new enrollee or if you are requesting a change to your coverage. Indicate the event and date, if applicable. Complete the additional sections that correspond to your selection. **New Enrollee:** Complete all sections where applicable. **Add Dependent:** Complete all sections where applicable. • If you are applying for coverage for a disabled dependent over the age limit of your employer's plan, please provide the additional information requested in Section 5. Additional documentation may be required as addressed in that section. • If your employer offers coverage for children and your children are eligible, your children are eligible for health and/or dental coverage up to the dependent limiting age and may not be denied coverage due to marital, student or employment status before age 26 (check with your employer for additional details regarding eligibility requirements). In addition, eligible military personnel may not be denied coverage before age 30 under Illinois law. If you are adding an eligible military personnel dependent who is over the age limit of the employer's plan, completion of a Defense Department Form (DD 214) is required in addition to this application. **Open Enrollment:** The period of time offered on a regular basis during which you can elect to enroll in a specific group health insurance plan or make changes to your current membership. **Special Enrollment Event:** If you qualify, special enrollment is any change to your current membership such as marriage*, divorce**, adoption, suit for adoption or placement for adoption, leave/layoff, moving out of the service area, etc. This change may occur outside of open enrollment. **Effective Date of Benefits:** Field is mandatory and should reflect your requested date. **Completion of Other Eligibility Requirements:** Check this box only if your employer has eligibility requirements that you have met/completed prior to enrollment, such as measurement period or orientation period. **Cancel Enrollee/Cancel Dependent/Cancel Coverage:** Complete Sections 1, 2, 4 (skip Section 4 if declining coverage), 8 and 9. In Section 4 include name, social security number and date of birth of individual(s) canceling.
SECTION 2 **YOUR INFORMATION**	Complete this section with details about yourself even if you are declining coverage.
SECTION 3 **YOUR COVERAGE**	Complete all portions related to the coverages for which you are applying. Please list the seven character plan ID for your selected benefit design (example: S533PPO) in the plan # field. If you are unsure of your group size or do not know your plan ID, please ask for guidance from your employer. If you are enrolling for life or disability insurance enter the information requested. When listing the beneficiary, provide both the first and last name and the relationship to you. List all beneficiaries that apply.
SECTION 4 **COVERAGE OPTIONS**	Complete all areas that apply to you and each dependent. **For HMO Plans Only:** • Those applying for HMO coverage are required to select a primary care physician/practitioner (PCP) for each covered individual. List the name of the physician/practitioner and the provider number from the provider directory or Provider Finder® at **bcbsil.com**. Be sure to check the appropriate box for a new patient. • If you selected HMO coverage, you must select a medical group/individual practice associations (IPAs) and a primary care physician (PCP) for each person to be covered. You must also select a PCP within the selected medical group/IPA for each person to be covered. You may choose a different medical group/IPA for each person. Care received from a woman's principal health care provider (WPHCP) may be eligible for coverage without referrals from your PCP. However, your PCP and your WPHCP must be affiliated with or employed by your medical group/IPA in order for each person to be eligible for coverage. Until we receive your selected medical group/IPA, you may not be eligible and your claims may be denied. Be sure to enter the medical group/IPA number, name, PCP number and name. • If you are adding an eligible military personnel dependent who is over the age limit of your employer's plan, completion of a Defense Department Form 214 (DD 214) is required in addition to this application. **Change Primary Care Physician/Practitioner:** Complete Section 1 and check the "Other Change(s)" box; then, complete Sections 2, 3, 4 and 9. In Section 4, please include enrollee's or dependent's name, social security number, date of birth, name and number of the new PCP and the name and number of the new IPA. **Change Address/Name:** Complete Section 1 and check the "Other Change(s)" box; then, complete Sections 2 and 9.
SECTION 5 **DISABLED DEPENDENT**	A disabled dependent must be medically certified as disabled and dependent upon you or your spouse***/domestic partner in order to be considered for coverage if dependent coverage is part of your employer's plan. The disabled dependent is required to be covered prior to age 26 to be eligible for coverage over the dependent child age limit of your employer's plan. A Disabled Dependent Authorization and Disabled Dependent Physician Certification document must be completed and submitted with this enrollment application, if applicable.
SECTION 6 **OTHER COVERAGE**	Complete this section if you or any dependent have other group or individual health and/or dental coverage (if applicable) that will not be canceled when the coverage under this application becomes effective.
SECTION 7 **MEDICARE COVERAGE**	Complete this section if you or any of your dependents are covered by Medicare. Enter the start and end dates for the coverage that applies. Your Medicare HIC number must be listed (it can be found on your Medicare ID card). Check the reason for your Medicare coverage.
SECTION 8 **DECLINATION OF COVERAGE**	Complete this section if you are declining health coverage for yourself and your dependents. **Anyone** declining coverage for any reason should complete Section 8, not just those declining because of other coverage. **IMPORTANT NOTICE:** If you are declining enrollment for yourself or your dependents (including your spouse) because of other health care coverage, you may, in the future, be able to enroll yourself or your dependents in the plan if you request enrollment within 31 days after your other coverage ends. In addition, if you have a new dependent as a result of a marriage, party to a civil union, birth, adoption, becoming a party in a suit for adoption, or placement of a foster child in your home, you may be able to enroll yourself and your dependents if you request enrollment within 31 days after the marriage, birth, adoption, suit for adoption or placement for adoption, or placement of an eligible foster child in your home.
SECTION 9 **COVERAGE CONDITIONS**	Sign your name and date the enrollment application if you agree to the conditions set forth in this section. Your enrollment application should be submitted to your employer's **Enrollment Department**, which will then submit your form to BCBSIL**.**
