

Blue Balance FundedSM
The Level-Funded Solution

Jan. 1 through Dec. 31, 2026

Blue Cross and Blue Shield of Illinois offers Blue Balance Funded, an administrative and stop loss coverage suite of services that includes consistent monthly payments for employers.

Blue Balance Funded features:

New in 2026:

Expanded Availability and Enhancements

- Blue Balance Funded is now available to employers with as few as 5 enrolled employees, making the offering available to employers with 5 - 150 enrolled employees.
- Enhancements to the Blue Balance Funded product include:
 - Extension of the stop loss run out period to 60 months
 - A streamlined renewal process
 - An improved paperwork process for enrollment and renewals.

Predictable Monthly Payments¹

Blue Balance Funded's monthly invoice includes the employer cost for claims funding, administrative fees and stop loss premiums. For added convenience, BCBSIL manages all three with an online billing system available through Blue Access for EmployersSM.

Stop Loss Coverage

Stop loss insurance provides protection for covered claims costs resulting from individual and aggregate claims exceeding the predetermined stop loss levels.

Possible Credit

After the annual settlement, if the actual claims cost is less than the claims funding, groups will be eligible for a credit toward future monthly payments.

The decision to self-insure is an important one and involves certain responsibilities on the employer's part.

To learn if Blue Balance Funded might be right for your groups, talk with your BCBSIL sales executive or account manager. Groups should also consult with their legal and tax advisers.

1. The amount of the monthly payment may fluctuate depending on the number of enrolled employees. It is recalculated each year and is subject to change. Employers are solely responsible for taxes, fees, and obtaining and paying for their own accounting and legal services.
